This side is from the movie **STAND BY ME**

Chris: Yeah. So let's just say that I stole the milk money but Old Lady Simons stole it back from me. Just suppose that I told the story. Me, Chris Chambers, kid brother of the Eyeball Chambers. You think that anybody would have believed it?

Gordie: No.

Chris: And d'you think that that lady would have dared try something like that if it would have been one of those dooch bags from up on The View if they had taken the money?

Gordie: No way!

Chris: Oh no! But with me! I'm sure she had her eyes on that skirt for a long time. Anyway she saw her chance and she took it. I was the stupid one for even trying to give it back. I never thought - I never thought that a teacher-- Oh who gives a crap anyway? I just wish I could go to some place where nobody knows me. I guess I'm just a pussy, Gordie.

Gordie: <whispers> No way, no way.
